

School Improvement Partner Programme

The Programme

We intend to offer a programme of support for schools based on the old School Improvement Partners [SIP] process.

We would like to invite NLEs and LLEs to consider registering to be a SIP with CHMA teaching school. CHMA would then act as a broker to match you to a school requesting SIP work.

The daily rate paid to SIPs would be £400 and we will be recommending that schools buy in a minimum of 3 days support per year so that the SIP can build a longer term knowledge of the school and positive working relationships.

CHMA will implement a Service Level Agreement for the work, signed by the SIPs and the schools. SIP notes of visits will be sent to the school via CHMA, who will act as quality assurers.

The type of work we anticipate schools requesting SIPs for are:-

- *head teacher performance management*
- *pupil data reviews*
- *SEND reviews*
- *leadership and middle leadership reviews*
- *school development planning*
- *pre-Ofsted checks*
- *teaching and learning reviews*

The school may request bespoke packages as they wish.

In order to register your interest in supporting this programme please complete the application proforma on the CHMA website below. A representative of CHMA will then arrange to visit you to talk through what you can offer in more detail.
